

Ben

Owner & Operations Director

Ben Barnett is Pose's co-owner and Operations Director by day—and Milwaukee Tool wizard by... also day. An Alabama-born spreadsheet whisperer, he brings that “everything-in-its-bin” energy from the shop floor to the clinic floor: supply chains color-coded, vendors wrangled, deliveries on time. He's the guy who can fix a label maker, barcode a succulent, and still remember where Cory hid the good syringes. When clinic chaos breaks out, Ben turns it into tidy, checklisted calm—budgets balanced, inventory tamed, vibes immaculate. Need a process? He's already got three—and a backup battery.
